- B. Pursuant to Section 32-1-903(5), C.R.S., "location" means the physical, telephonic, electronic, or virtual place, or a combination of such means where a meeting can be attended. "Meeting" has the same meaning as set forth in Section 24-6-402(1)(b), C.R.S., and means any kind of gathering, convened to discuss public business, in person, by telephone, electronically, or by other means of communication.
- C. Pursuant to Section 24-6-402(2)(c)(I), C.R.S., special districts are required to designate annually at the board of directors of the district's first regular meeting of each calendar year, the public place at which notice of the date, time and location of regular and special meetings ("Notice of Meeting") will be physically posted at least 24 hours prior to each meeting ("Designated Public Place"). We are pleased to confirm our understanding of the services we are to provide to the Anthem West Metropolitan District (the "District") for the year ended December 31, 2023.

#### **Audit Scope and Objectives**

We will audit the financial statements of the governmental activities and each major fund, including the related notes to the financial statements, which collectively comprise the basic financial statements of the District as of and for the year ended December 31, 2023. Accounting standards generally accepted in the United States of America ("GAAP") provide for certain required supplemental information ("RSI"), such as management's discussion and analysis ("MD&A"), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. If the District elects to omit the MD&A, our report will contain a statement that the District has omitted the MD&A. The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund, will be subjected to the auditing procedures applied in our audit of the financial statements.

We have also been engaged to report on the supplemental information other than RSI that accompanies the District's financial statements. We will subject the following supplemental information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements.

Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – Debt Service Fund

We have not been engaged to report on the Summary of Assessed Valuation, Mill Levy and Property Taxes Collected, which accompanies the basic financial statements but is not RSI. Our responsibility with respect to this other information in documents containing the audited financial statements and auditor's report does not extend beyond the financial information identified in the report. We have no responsibility for determining whether this information is properly stated. The other information will not be audited and we will not express an opinion or provide any assurance on it.

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP; and report on the fairness of the supplemental information referred to above when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America ("GAAS") will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

#### Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS and will include tests of your accounting records and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS, we will exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors. We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and direct confirmation of certain assets and liabilities by correspondence with selected financial institutions. We may also request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry.

Our audit of the financial statements does not relieve you of your responsibilities.

#### **Audit Procedures – Internal Control**

We will obtain an understanding of the government and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards.

#### **Responsibilities of Management for the Financial Statements**

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America with the oversight of those charged with governance.

Management is responsible for making drafts of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from regulators or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws and regulations.

You are responsible for the preparation of the supplemental information in conformity with GAAP. You agree to include our report on the supplemental information in any document that contains, and indicates that we have reported on, the supplemental information. You also agree to include the audited financial statements with any presentation of the supplemental information that includes our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the supplemental information in accordance with GAAP; (2) you believe the supplemental information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period; and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplemental information.

You agree to assume all management responsibilities for any nonattest services we provide; oversee the services by designating an individual, preferably from senior management with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

#### Reporting

We will issue a written report upon completion of our audit of the District's financial statements. Our report will be addressed to the board of directors of the District. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, add an emphasis-of-matter paragraph or othermatter paragraph to our auditor's report, or if necessary, withdraw from the engagement.

#### **Information Privacy and Data Security**

We will keep your personal, non-public information strictly confidential. The District acknowledges that the Colorado CPA Company PC (the "Firm") may use electronic mediums for data transmission between the Firm and the District. The cost of this review is included in the engagement fee, and the District consents to such potential review.

We may from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. Your execution of this engagement agreement constitutes your consent to the sharing of your confidential information with third-party service providers. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

In addition, travel time and expenses, clerical processing and other reimbursable out-of-pocket expenses are not included in this fee estimate and will be billed as incurred.

All invoices are due and payable upon presentation. Billings become delinquent if not paid within 30 days of the invoice date. If billings are past due more than 30 days, we will stop all work until your account is brought current or withdraw from this engagement. The District acknowledges and agrees that we are not required to continue work in the event of failure to pay on a timely basis for services rendered as required by this engagement letter. The District further acknowledges and agrees that in the event we stop work or withdraw from this engagement because of failure to pay on a timely basis for services rendered as required by this engagement letter, we shall not be liable to for any damages that occur because of our ceasing to render services.

#### Severability

The provisions of these terms and conditions shall be severable so the invalidity or unenforceability of any provisions will not affect the validity and enforceability of the remaining provisions; provided that no such severability will be effective if it materially changes the economic benefit of these terms and conditions to either party.
